

Changes & Revisions

Clients can reach out via the contact form on the website or email to inform me of the revisions or changes they require. I will respond with any questions I have and/or instructions for the information and assets I need. Once I have everything I need I will inform the client of an estimated completion date based on my current schedule and availability.

For minor revisions I will notify the client when the revisions are complete.

For major changes, clients will receive a link to a demo site to review the changes. It is their responsibility to check everything to ensure accuracy and transparent representation of them and their abilities.

DISCLAIMER: 'I understand that the content of your portfolio is entirely your responsibility. We are not liable for any inaccuracies, omissions, or misrepresentations in the information you provide.'

Once I have completed the full list of client feedback, I will request payment. Once payment is received, their updated site will be pushed live and they will receive their updated link.

Minor Revisions [takes 10 to 15 minutes - free of charge]

Minor revisions are free of charge and include: text changes including updating education or work experience, adding or removing social media links and removing a project/image for any reason.

Major Changes [takes 1 hour plus - charge of \$25]

Major changes incur additional fees and include: adding new projects (I will not begin to make changes until I have the information I require) or changes to colouring, layout or overall aesthetics of the site. Aesthetic changes can be made at the same time as other major changes without the additional fee.

Changes & Revisions

DISCLAIMER: Links and webpages may not function during the revision process. It is advised that changes are not requested during times you are expecting people to be visiting the site (ie after applying for a job, going for an interview etc).
